Mandatory Cancer

Checks Unlikely

POST Knesset Reporter

The Ministry of Health does not intend to sponsor a bill requiring all adults to undergo routine examination for cancer, the Minister, Mr. Yisrael Barzilai, told the Knesset yesterday. He was replying to a question by Mr. Shimon Peres.

Mr. Barzilai confirmed that

cancer is responsible for 18.1 per cent of all male deaths in Israel and of 12.7 per cent of all female deaths. He said the situation was similar in other developed countries.

Compulsory routine examinations

for cancer would require tremendous sums and considerable manpower and equipment. Also, it would be impossible, from the organizational point of view, to ensure annual check-ups, which in any case would turn up "only a certain proportion" of cases.

Other countries

on making the general population and the medical profession conscious of the need to recognize early symptoms, when the disease still responds to treatment, Mr. Barzilai said.

Bill to Modify

Suspended Terms

The Knesset yesterday passed the first reading of a private member's bill by Mr. Eliahu Meridor (Herut) amending the Punishment Laws to protect two-time offenders.

At present, a suspended

sentence is automatically applied after the person involved is convicted a second time. The bill would defer implementation of the suspended sentence until the accused has an opportunity to appeal the second conviction.

Jerusalem police said yesterday they had received no reports of anyone missing or crossing the lines.

They were commenting on

a report published Monday in El Jihad which stated that three Jews were detained in the Old City after crossing the lines in the Mustang quarries of Jerusalem.

Dayan Firm on Farm Lands Bill But Ready for Guarantees

Jerusalem Post Knesset Reporter

Agriculture Minister Moshe Dayan told yesterday that the assembling of split-up parcels belonging to individual farmers was only one of the aims of the Bill on the Consolidation of Agricultural Lands.

No less important, he said, was the projected consolidation of 700,000 dunams of spoken lands which are divided today that they cannot be properly developed. Thirty or 40 new settlements could be established on these lands if they were consolidated.

Mr. Dayan was winding up the debate on the bill, which later passed its first reading over the opposition of the General Zionists and the Communists. Because the Minister wished the bill to go to the Economic Committee and some members proposed the House Committee will have to rule on its disposition.

To a suggestion (made by Mr. Ezer Weizman) that an effort first be made to achieve land consolidation by voluntary agreements, Mr. Dayan replied that such attempts had proved unsuccessful in a number of Arab villages.

Guarantees to be Given

He was prepared to incorporate in the bill guarantees against most of the fears expressed in the debate — that the bill would not be used to the disadvantage of the Arab farmer, that the Government would not gain at the expense of the individual farmer, etc. But if the unspoken intention of the speakers was to keep the Government from consolidating State lands, the answer was "No," he emphasized.

Speaking earlier in the debate,

Mr. Zadek proposed that consolidation plans for specific agricultural districts be published in the form of draft laws; only after the objections of those concerned were heard should the plan be finally published. He defended the provision for an appeals tribunal consisting of judges and public representatives.

Y. Yaron Named To

Brazzaville Post

Mr. Yehoshua Ram Yaron, the outgoing Israel Minister for External Relations, has been appointed as Ambassador to Brazzaville, the capital of the Republic of the Congo (former French Congo). He is also to be non-resident Ambassador to Gabon.

Mr. Yaron, 51, was born in

Vienna and studied at the universities of both Vienna and Budapest. After he came to this country in 1932 he joined the Ministry of Police and served afterwards with the Israel Police. He entered the Foreign Service in 1950.

He is likely to be succeeded

in Hungary by the Israel Ambassador to Denmark, Mr. Eli Avnon. Mr. Yehuda Harry Levin, Director of the Foreign Ministry's Information Division, is expected to be appointed as Ambassador to Copenhagen, while Mr. Michael Arnon, Counselor and Head of the Press and Information Department at the Israel Embassy in Washington, is to be the new head of the Ministry's Information Division.

Mr. Aviad Yehoshua, Israel Consul

in New York, in charge of information, is to succeed Mr. Arnon in Washington. Mr. Avraham Giliadi, Second Secretary at the Israel Embassy in Paris, is to be replaced by Mr. Shlomo Naumia, Second Secretary at the Israel Embassy in Rome. Mr. Nathan Ben-Horin, of the Foreign Ministry's Western European Division, is to succeed Mr. Naumia in Rome.

'Exodus' Premiere

Here in May

'Exodus' will have its Israeli premiere in all three of the large cities in May, Mr. Meyer W. Weisgal, Chairman of the Executive Council of the Weizmann Institute of Science, said in Jerusalem on Tuesday.

Proceedings from all Israel

showings and from all previous showings would go to the Weizmann Institute. The movie has been shown four weeks ago. Filmed in color on 70-millimeter film, Mr. Weisgal doubted if Israel had any projections capable of handling this size film. He thought that some of the impact of the movie, which he termed a "great spectacle with never a dull moment," might be lost on 35-millimeter film which the Israeli projectors are using.

The movie runs for two hours and 34 minutes

including a 15-minute intermission. Speaking at a Council meeting, Mr. Naor expressed his regret at the incident and promised that only kosher food would be served at any future celebration sponsored by the Municipality. The National Religious Party, which is in the Municipal coalition, viewed the incident with disfavor.

Technion Appointment

HAIFA — Professor William Reineck has been appointed head of the Division of Chemical Engineering in the Technion.

Dr. Reineck, 38, was born in Chicago, and studied chemical engineering at Purdue and the University of Michigan. Before joining the Technion in 1958, Dr. Reineck was head of the Technological and Chemical Group in the Selection Department of the Ministry of Defense.

Monesty Rewarded

TIBERIAS — A wallet containing £200, which was found last week by 15-year-old David Swissa, was traced by police to its owner through a missing card.

The owner, an American tourist, came here from Tel Aviv to pick up his property and to give the boy a reward.

HAIFA — A renewed call

on the Government to speed up payment of £150m in reparation funds was made yesterday by the Chairman of the Association of the Aged, Mrs. Anna Bogoy-Friedman. This lump sum was paid to Israel by the West German Government several years ago in compensation for claims of victims of the Holocaust who were not German nationals and whose health suffered at the hands of the Nazis, she stated at a press conference here.

She charged that fewer

than 2,000 of the 24,000 persons who claim compensation in this category had been paid. The sum paid out so far has totalled less than the interest accruing from this fund, she charged.

An agreement had also

been reached in 1962 between Bonn and Jerusalem under which West Germany paid £150m to Israel in respect to victims still behind the Iron Curtain. Yet the Israeli Government had arbitrarily refused to pay persons who immigrated from Eastern European countries after October 1, 1953 was entitled to any compensation from that fund, she said. This ruling was particularly hard on persons who were excluded from National Insurance benefits because they were "too old" when the law was passed.

Mrs. Bogoy-Friedman said

that public health services for the aged were inadequate, and that elderly persons were offered degrading jobs. Even those who were included in the Kupat Holim membership list had to pay for each visit, laboratory tests and X-ray as well as IL7.50 a day for a hospital bed.

A special fund of IL2.6m

had been set up by the Social Welfare Ministry, Malben, the municipalities and the Jewish Agency, to help the elderly. But it was restricted to those who had already been registered with the Social Welfare Department. The Special Welfare Department of the Ministry of Health was to be set up to handle the elderly, and a fraction receive the monthly allowance of IL27 to IL36.

Illegal Burial

Comes to Light

Jerusalem police are investigating a father's "private" burial of his five-year-old daughter three years ago.

The affair came to light when the father, Mr. Avraham Ben-Avraham, a resident of Mahabba in the Jerusalem Corridor, asked the Population Registrar in Jerusalem to strike off his daughter's name. When asked for a death certificate, he said he had buried her himself.

Questioning revealed that

the child, Rivka, died three years ago after a serious illness, for which she had previously been treated in hospital. Mr. Ben-Avraham dug a grave in the village cemetery without notifying any official body. He claims that he did not know the procedure to be followed or whom to notify. It is understood that police do not plan to exhumate the body. (Times)
